

Labels with marks and symbols

• Material

Self-adhesive vinyl film, suitable for sticking to the inner surface of the magnifying lens of all the following handles: SH.N (see page 368), IH.N (see page 369), IEL.N+H (see page 370).

• Standard labels

According to ISO 3287 regulations, printed on the adhesive side; 21 standard models.

The visibility of the symbol is improved by the magnifying effect of the lens provided with the handle.

Assembly instructions

Stick the self-adhesive label (printed on the adhesive side) to the inner surface of the magnifying lens by pressing from the centre to the external side to avoid air bubbles.
