

# TPC. TPCF.

ELESA Original design

## Oil fill plugs push-fit

- **Material**

High-resilience polypropylene based (PP) technopolymer. Resistant to solvents, oils, greases and other chemical agents.

- TPC.: without side hole.
- TPCF.: Ø 2 mm side breather hole.

- **Colour**

Black, matte finish.

- **Packing rings**

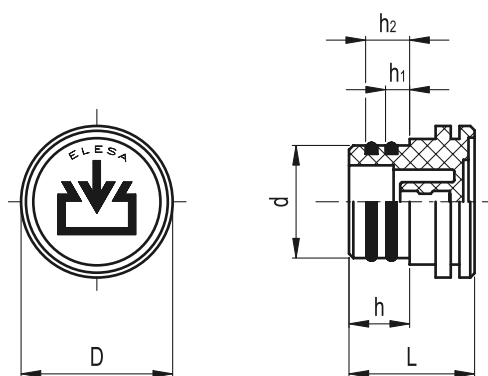

Two NBR synthetic rubber O-rings.

- **Maximum continuous working temperature**

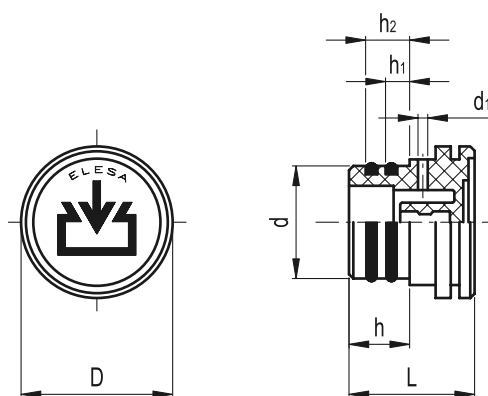

100°C.

- **Graphic symbol "fill"**

According to DIN regulations.
