

# GN 480.1-AL

Retaining square tubings

## technical informations

### Material

Aluminium AL, anodised, natural colour, matte.

### Types

- Type OS: without scale.
- Type LS: with scale (mm-graduation), engraved by precision laser.

*Special executions on request (For sufficient quantities)*

Retaining square tubings with other scales.

### Features and applications

The outside dimensions of the retaining rods / retaining tubings GN 480.1 are matched for use with clamp mountings. The retaining tubings can also be used as cable lead-through or cable glands.

Standard Elements	Main dimensions				Weight
Description	S <sub>1</sub>	Length l	S <sub>2</sub>	k	g
GN 480.1-V10-100-AL-OS	V10	100	7	15	11
GN 480.1-V10-150-AL-OS	V10	150	7	15	19
