

## Tubular handles

RoHS

- **Tube**

AISI 304 stainless steel, ground matte shiny finish.  
Highly resistant to wear, scratches and chemical agents.

- **Handle shanks and tube end caps**

Polyamide based (PA) technopolymer, glass fibre reinforced.  
Temperature resistant up to 100 °C.

- **Assembly**

Back mounting, zinc-plated steel threaded bushings.

**Special executions on request** (For sufficient quantities)

Different lengths.

**Features and applications**

Tubular handles GN 666 offer an even more extensive size range for any application which require mounting from the back.
