

Wing nuts

RoHS

Material

AISI 304 stainless steel, sandblasted matte finish.

Standard executions

- **EWNM-SST**: threaded blind hole.
- **EWNM-SST-FP**: threaded pass-through hole.
- **EWNM-SST-p**: threaded pin.

Special executions on request

Different threadings.

Features and applications

These wing nuts allow high tightening torque values.

Ergonomy and design

The slightly concave marks on the wings help to position the fingers in order to apply the maximum force when tightening.
