

GN 6342

Washers

technical informations

Material

Steel ST, blackened.

Sliding disc

Plastic Polyamide 46, glasfibre reinforced.

Temperature resistant up to 120 °C.

Slightly greased (PTFE-mounting grease).

Features and applications

Used in connection with clamping screws, e.g. star knob screws, washers with axial friction bearing GN 6342 offer the following advantages:

- almost double the clamping force owing to lower area friction.
- fixed contact surface acting gently on the element to be clamped.
