

GN 471 GN 471.1

Crank handles with revolving handle

• Material

GN 471: cast aluminium, epoxy resin coating.
GN 471.1: die cast zinc alloy, epoxy resin coating.

• Colour

RAL 9005 black, matte, textured finish.

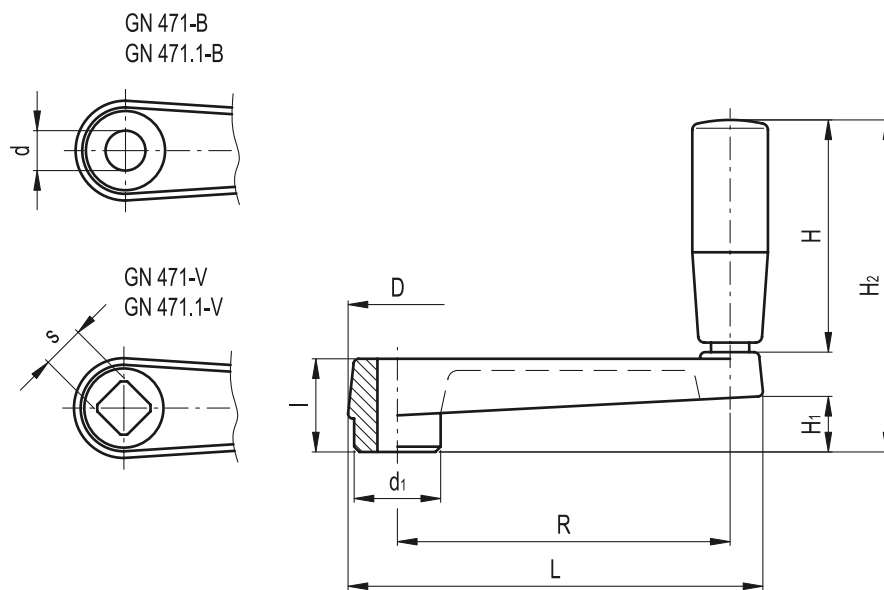

• Assembly

- Execution **B**: hub with H7 reamed through hole.
- Execution **V**: hub with H11 square through hole, in compliance with details for square DIN 79 (see page A16).

For fixing GN 471 and GN 471.1 on shafts by a grub screw see Technical Data on page A18.

• Revolving handle

High-resilience polypropylene based (PP) technopolymer, black colour, matte finish. Resistant to solvents, oils, greases and other chemical agents.
