Information

Inclined Stainless Steel-Cabinet „U“ handles GN 565.7 are produced from profiled Stainless Steel extrusions. Their special features are their rigidity and ergonomical shaping.

The angled contact surface allows improved access even in tight spaces such as corners.

The manufacturing process (bending) allows the production of **special lengths** in relatively small quantities.

How to order

GN 565.7-20-128-A-MT
