Specification

- Stainless Steel
- RoHS compliant

Information

For ball chains GN 111, Stainless Steel-Ball chains GN 111.5, Stainless Steel-Retaining cables GN 111.2 and spiral retaining cables GN 111.4 there are single key rings available.

Some sizes (see table) can be used as loss protection for ball lock pins and locking pins e.g. in combination with a retaining cable.

Furthermore, key rings have uses in many other areas.
