MATERIAL

Glass-fibre reinforced polyamide based (PA) technopolymer, grey-black colour, matte finish.

SCREW COVERS

Technopolymer in Ergostyle colours, glossy finish. Supplied with the handle, press-fit assembly, removable by a screwdriver. Available also as accessories sold separately (see table ECA.).

Code	Description
29865-*	ECA.P5-*

* Complete with colour index (C1, ..., C6).

STANDARD EXECUTIONS

- **EWP-EH**: pass-through holes for cylindrical-head screws with hexagon socket, hexagonal-head screws or standard lock nuts.
- **EWP-SH**: pass-through holes for countersunk head screws.

FEATURES AND APPLICATIONS

EWP handles have been especially designed to fit machine guards or automation systems with single-leaf door. The coloured caps improve the visibility of the handle and offer the possibility of product customisation.

TECHNICAL DATA

Tensile stress: F1 value reported in the table is the result of breaking tests carried out with an appropriate dynamometric equipment under the test conditions shown in the figure with ambient temperature.

* Complete with colour index, example: 265211-C2 EWP.110-EH-C2
