

Examples of application

Latches GN 119

Latches GN 115

Please note: The latch distance A1 ... A9 and/or the locking distance A is reduced by the dimension „b“.

d	s	b	h ₁	h ₂	Length l	useable for
31	20,5	2	6	18	35	GN 115 / GN 115.8
35	20,5	2	8	18	36	GN 119 / GN 315.1 / GN 516 / GN 516.1 / GN 516.5

Specification

- Plastic (Polyamide PA)
black, matte
- RoHS compliant

Information

GN 120.1 opening handles are simple operating elements which are used in combination with key or bush-button actuated locking devices. They have a low installation height and can be mounted as required in a 90° grid pattern together with the lock housing.

GN 120.1 opening handles are suitable for the following latches and locking devices:

- Locks GN 115 (not lockable) → Page 858
- Locks GN 115 (lockable) → Page 860
- Stainless Steel-Locks GN 115 → Page 862
- Hook-type latches GN 115.8 → New products
- Door locks GN 119 → Page 848
- Stainless Steel-Door locks GN 119 → Page 850
- Snap locks GN 315.1 → Page 874
- Rotary clamping latches GN 516 → Page 852
- Rotary clamping latches GN 516.1 → Page 854
- Stainless Steel-Rotary clamping latches GN 516.5 → Page 855
